

# NATIONAL CHEMICAL LABORATORIES, INC.

### SAFETY DATA SHEET

| Section 1 - Identification      |   |  |
|---------------------------------|---|--|
| Product Identifier              | Earth Sense <sup>®</sup> DUAL-BLEND #1 Glass & Window Cleaner RTU (1-100) |  |
| Other means of identification   | 5071 (1-100)  |  |
| Recommended use                 | Glass cleaner.  |  |
| <b>Recommended restrictions</b> | For commercial and industrial use only.                                   |  |
| Manufacturer / Importer / Supp  | plier / Distributor Information   |  |
| Company Name                    | National Chemical Laboratories of PA, Inc.                                |  |
| Address                         | 401 N. 10th Street - Philadelphia, PA 19123                               |  |
| Telephone                       | 1 (215) 922-1200  |  |
| Supplier Email                  | info@nclonline.com  |  |
| Contact                         | CHEM-TEL  |  |
| Emergency Phone                 | 1 (800) 255-3924  |  |

#### Section 2 - Hazard(s) Identification

|  | Classification  | Category  |  |
|--|---|---|--|
| Physical Hazards                             | Not Classified  |   |  |
| Health Hazards                               | Not Classified  |   |  |
| OSHA defined hazards                         | Not Classified.   |   |  |
| Label Elements                               |   |   |  |
| Hazard Symbol                                | None.   |   |  |
| Signal Word                                  | None  |   |  |
| Hazard Statement                             | Causes eye irritation.  |   |  |
| Precautionary statement                      |   |   |  |
| Prevention                                   | Wear eye/face protection. Wash thoroughly   | after handling.   |  |
| Response                                     | If in eyes: Rinse cautiously with water for sev<br>rinsing. If eye irritation persists: Get medical | veral minutes. Remove contact lenses, if present and easy to do. Continue advice/attention. |  |
| Storage                                      | Store away from incompatible materials.   |   |  |
| Disposal                                     | Dispose of waste and residues in accordance   | with local authority requirements.  |  |
| Hazard(s) not otherwise<br>classified (HNOC) | Not classified.   |   |  |

#### Section 3 - Composition/Information on ingredients

Mixture

The components are not hazardous or are below required disclosure limits.

#### Section 4 - First-aid Measures

| Inhalation                 | Move to fresh air. Get medical attention if symptoms occur.  |
|----------------------------|--|
| Skin contact               | Remove contaminated clothing and shoes. Wash skin with soap and water. Get medical attention if irritation develops or persists.   |
| Eye contact                | Immediately rinse eyes with water. Remove any contact lenses, and continue flushing eyes with running water for at least 15 minutes. Hold eyelids apart to ensure rinsing of the entire surface of the eye and lids with water. If irritation persists, get medical attention                                |
| Ingestion                  | Rinse mouth thoroughly with water. DO NOT induce vomiting. If victim is fully conscious, give a cupful of water. Never give anything by mouth to an unconscious person. If vomiting occurs, keep head lower than the hips to help prevent aspiration. Call a physician or poison control center immediately. |
| Most Important symptoms    | or effects, acute and delayed  |
|                            | Causes eye irritation. Prolonged skin contact may cause irritation.  |
| Indication of immediate me | dical attention and special treatment needed   |
|                            | Treat symptomatically.   |
| General Information        | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.   |
|                            |  |

#### Section 5 - Fire-fighting measures

Suitable extinguishing media Water spray, fog, CO2, dry chemical, or alcohol resistant foam.

| Unsuitable extinguishing media   | None known.  |
|--|--|
| Specific hazards arising from<br>the chemical  | None known.  |
| Special protective equipment<br>and precautions for firefighters   | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.  |
| Fire-fighting equipment<br>/instructions   | Move containers from fire area if you can do it without risk. Use water spray to keep fire-exposed containers cool.  |
|  | Section 6 - Accidental release measures  |
| Personal procentions, protective   | Icalate area. Keen unnecessary personnel away. Use personal protection as recommanded in Section 8 of the SDS  |
| Personal precautions, protective<br>equipment and emergency<br>procedures.   | Isolate area. Keep unnecessary personnel away. Use personal protection as recommended in Section 8 of the SDS.   |
| Methods and materials for<br>containment and cleaning up   | SMALL SPILLAGE: Absorb spillage with suitable absorbent material.<br>LARGE SPILLS: Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. After<br>removal flush contaminated area thoroughly with water.  |
| Environmental precautions  | Avoid discharge into drains, water courses or onto the ground.   |
|  | Section 7 - Handling and storage   |
| Precautions for safe handling  | Avoid contact with eyes, skin, and clothing. Use Personal Protective Equipment recommended in section 8 of the SDS.  |
| Conditions for safe storage,<br>including any incompatibilities  | Store away from incompatible materials. Keep container closed.   |
|  | Section 8 - Exposure control/personal protection   |
| Occupational exposure limits   | No exposure limits noted for ingredient(s).  |
| Biological limit values  | No biological exposure limits noted for the ingredient(s).   |
| Exposure guidelines  | Use personal protective equipment as required. Keep working clothes separately.  |
| Appropriate engineering<br>controls  | Provide adequate ventilation and minimize the risk of inhalation of vapors and mists. Provide easy access to water supply and eye wash facilities.   |
| Individual protection measures, se   | uch as personal protective equipment   |
| Eye/face protection  | If use of product risks exposure to contact, wear safety glasses with side shields.  |
| Skin protection  |  |
| Hand protection<br>Other   | Impervious gloves are recommended for prolonged use.   |
| Respiratory protection   | If use of product risk exposure to contact, wear suitable protective clothing.<br>In case of inadequate ventilation, use respiratory protection.   |
| Thermal hazards  | Wear appropriate thermal protective clothing, when necessary.  |
|  | wear appropriate thermal protective clothing, when necessary.  |
| General hygiene  | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking,  |
| General hygiene<br>considerations  | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.  |

# Section 10 - Stability and reactivity

| The product is non-reactive under normal conditions of use, storage and transport. |
|--|
| Stable at normal conditions.   |
| Hazardous polymerization does not occur.   |
| Contact with incompatible materials.   |
| Oxidizing agents.  |
| None known.  |
|  |

## Section 11 - Toxicological information

| Information on likely routes of exposure   |  |  |  |
|--|--|--|--|
| Ingestion  | May be harmful if swallowed.   |  |  |
| Inhalation   | Under normal conditions of intended use, this material is not expected to be an inhalation hazard. |  |  |
| Skin contact   | Prolonged skin contact may cause irritation.   |  |  |
| Eye contact  | Causes slight eye irritation.  |  |  |
| Symptoms related to the<br>physical, chemical and<br>toxicological characteristics | Causes slight eye irritation.  |  |  |

#### Information on toxicological effects.

| Acute toxicity  | May be harmful if swallowed.                 |
|---|--|
| Skin corrosion/irritation                             | Prolonged skin contact may cause irritation. |
| Serious eye damage/ eye<br>irritation                 | Causes slight eye irritation.                |
| Respiratory sensitization                             | Not classified.                              |
| Skin sensitization                                    | Not classified.                              |
| Germ cell mutagenicity                                | Not classified.                              |
| Carcinogenicity                                       | Not classified.                              |
|   |  |
| Reproductive toxicity                                 | Not classified.                              |
| Specific target organ toxicity -<br>single exposure   | Not classified.                              |
| Specific target organ toxicity -<br>repeated exposure | Not classified.                              |
| Aspiration hazard                                     | Not available.                               |

## Section 12 - Ecological Information

| Ecotoxicity                   | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. |  |  |
|-------------------------------|--|--|--|
| Persistence and degradability | The product is expected to be biodegradable.   |  |  |
| Bioaccumulative potential     | Not known.   |  |  |
| Mobility in soil              | Not available.   |  |  |
| Mobility in general           | The product is water soluble and may spread in water systems.  |  |  |
| Other adverse effects         | None known.  |  |  |
|                               | Section 13 - Disposal considerations   |  |  |
| Disposal instructions         | Dispose in accordance with applicable federal, state, and local regulations.   |  |  |
| Local disposal regulations    | Dispose of in accordance with local regulations.   |  |  |
| Hazardous waste code          | Waste codes should be assigned by the user based on the application for which the product was used.  |  |  |

| Waste from residues / unused | Dispose in accordance with all applicable regulations.  |
|------------------------------|---|
| products                     |   |
| Contaminated packaging       | Since emptied containers may retain product residue, follow label warnings even after container is emptied. |

#### Section 14 - Transport information

#### **General Information**

This product is customer diluted for on site use only. No transportation information is anticipated or provided. The regulatory transport classification of the product without consideration to dilution strength, packaging, quantity, or modal restrictions and exceptions can not be anticipated. It is the user's responsibility to determine the appropriate packaging and modal requirements and/or limitations for the product quantity being shipped.

#### Section 15 - Regulatory Information

| US federal regulations  | This product is         | a "Hazardous        | Chemical" as defined by the OSHA Hazard Communication Star   | ndard, 29 CFR 1910.1200.       |  |
|---|-------------------------|---------------------|--|--------------------------------|--|
| TSCA Section 12(b) Export Notification (40 CFR707, Subpt. D   |                         |                     | Not regulated.   |                                |  |
| US. OSHA Specifically Regulated Substances (29 CFR 1910.10<br>CERCLA Hazardous Substance List (40 CFR 302.4 |                         |                     | 001-1050) Not on regulatory list.  |                                |  |
|   |                         |                     | Not listed.  |                                |  |
|   |                         |                     |  |                                |  |
