ENVIRONMENTALLY RESPONSIBLE

ASPIRE™

Metal-Free Floor Sealer / Finish

DESCRIPTION

ASPIRE™ Metal-Free Floor Sealer/Finish is a technologically advanced “non-zinc” Sealer/Finish. It produces an immediate wet-look gloss and is buffable with a 330 - 2000 RPM equipment for long lasting beauty and performance. This environmentally responsible formulation meets the “Industrial and Institutional Floor-Care Products Standard” (GS-40) and has been certified by Green Seal along with the companion GREEN IMPACT Speed Stripper.

ASPIRE Metal-Free Floor Sealer/Finish is recommended for use in Federal, State and Local Government Offices, Military Bases, Municipal Facilities, Day Care Centers, Hospitals, Nursing Homes, Office Buildings, Parks and Recreation Centers, Schools, Universities, Hotels, Lodging and any facility sensitive to environmental and human health characteristics.

PRODUCT FEATURES / BENEFITS

- Technologically advanced formula provides exceptional gloss and performance rivaling traditional zinc containing finishes.
- Contains no heavy metals that can be harmful to the environment and aquatic life.
- Contains no environmentally harmful surfactants, no glycol ether based solvents, no ethanolamine, and no environmentally toxic preservatives.
- Responds to burnishing with 300 - 2000 RPM equipment
- Sealer / Finish combination simplifies floor care maintenance and controls product costs.

DIRECTIONS FOR USE

Initial Floor Preparation: Completely remove the existing floor coating using recommended products. When starting an “environmentally responsible program” it is important to start with a bare floor. Make sure that the floor is clean and completely dry.

Application: Using a clean mop or applicator apply a thin uniform coat of Earth Sense® ASPIRE Metal-Free Floor Sealer / Finish. Allow to dry for a minimum of 30 minutes after each coat. Do not apply more than 4 coats in a 24 hour period.

High Speed Buffing and Burnishing: This is an ideal product for use with any speed polishing or burnishing equipment (electric, battery or

propane). For high speed buffing or UHS burnishing / restoration, use an NCL AQUA MAGIC Buffing Pad with POP & SHINE Gloss Restorer.

Maintenance: Maintain by dust mopping daily using mop treated with CONTROL Dust Mop Treatment. Damp mop or clean with an automatic scrubber as required, using Earth Sense® #16 pH NEUTRAL ALL-PURPOSE CLEANER.

Stripping: When stripping becomes necessary use the companion Earth Sense® GREEN IMPACT Rinse Free Speed Stripper following directions of the product label.

SPECIFICATIONS

Shelf Life..... 1 year minimum in original unopened container
 Specific Gravity (gr/cc) 1.02
 Density (lbs/gal) 8.5
 % Styrene (Free Monomer).....0.0
 Color White, Opaque
 Odor..... Mild acrylic

pH 8.3 ± 0.5
 Heavy Metals..... None
 Nonylphenol Ethoxolates..... None
 Environmentally toxic preservatives None
 Glycol Ether Solvents None
 Ethanolamine..... None

ENVIRONMENTAL RECOGNITIONS

This seal is your assurance that designated NCL Earth Sense® products are formulated to promote human health and worker safety and protect our environment.

This product meets Green Seal's environmental standard for industrial and institutional floor-care products based on its reduced human and aquatic toxicity and reduced smog production potential.

ENVIRONMENTAL PROFILE

Chemical Ingredients:

Heavy Metals (Zn):.....None
 APE / NPE:.....None
 Glycol Ether Based Solvents
None
 Environmentally Toxic
 PreservativesNone
 Ethanolamine:.....None
 Added Dyes:.....None
 Added Fragrances:.....None

Environmental Impact:

Harmful to Water Systems:..... No
 Biodegradable: Readily
 VOC Compliant Yes
 Recyclable Package Yes
 Bio-Renewable Resources Yes
 Reactive..... No
 Flammable..... No
 Combustible..... No

Human Toxicity*:

Skin Corrosive:.....No
 Eye Corrosive:.....No
 Skin Sensitizer: No
 Eye Sensitizer:..... No
 Eye Irritant:.....No
 Eye Irritant:.....No
 Low Toxicity:.....Yes
 Non-Toxic (LD50).....Yes

* Human toxicity profile is based on ready-to-use product.
