World Class Cleaning Solutions®

NEW!!!
Green Seal Certified
formulation

Longer Lasting Shine
Longer Lasting Durability
Outstanding Performance

Save maintenance & labor cost
with a new, highly durable, long lasting shine

Reduce maintenance frequency
and maintain a beautiful, high gloss appearance

Earth Sense® EVERGREEN™ FINISH marks a milestone in green-certified floor finish technology. Using cutting edge DURA-TECH™ polymer technology, this product exhibits exceptional wear and long lasting durability characteristics.

It creates a superior gloss and response when buffed with any speed equipment, EVERGREEN™ FINISH creates a new standard for green-certified floor finish performance.

EVERGREEN™ FINISH BENEFITS

- Technologically advanced DURA-TECH™ formula outperforms previously available green-certified floor finishes.
- High Solids formula build gloss quickly. Applies easily.
- Longest lasting, most durable green-certified floor finish.
- Responds to burnishing with 300 - 2000 RPM equipment
- Sealer / Finish combination simplifies floor care maintenance and controls product costs.
